Hard Work You Can Hold

The LU Store Opens

LU

In October, the Learning Units children earn for their effort found a new home: the **LU Store**.

A hands-on first lesson in how a real economy works!

Children now use their LUs to buy everyday essentials, things they've wished for, and gifts for their families.

The response in the first days went far beyond what we expected.

Kaksha Se | From The Classrooms

How does milk turn into curd?

Anubhav L3 Explores the Science!

Anubhav L3 set up its own experiment with warm and cold milk, came to a surprising conclusion...

...and learnt that science means testing an idea, not trusting the first answer.

They loved learning this way.

A simple experiment... a big lesson in science!

Rangoli
by Small Hands
Class 1

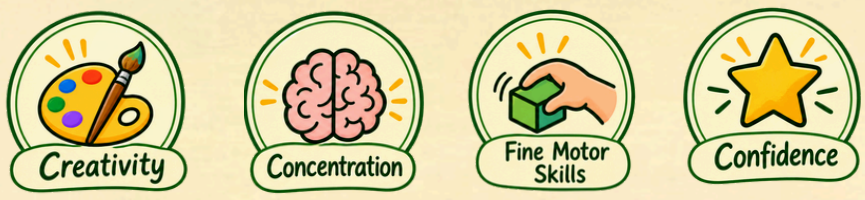

Our Class 1 students brought **rangoli colours** from home...

...and created flower Designs of their own!

When the designs got tricky, they kept going, and came away with patience, focus and the joy of making something beautiful with their own hands.

The joy of making something beautiful was written all over their faces.

Big Letters, Chiku Piku & A Diwali Reading List

Our library keeps getting busier.

Yash reaches for big-letter books, Class 1 can't get enough of Chiku Piku.

Class 1's favourite?
Chiku Piku!

And the Anubhav and Jigyasa girls picked out their own books for the Diwali holidays. A library that inspires, all year round.

पुस्तकांशी मैत्री, वाचनाची गोडी आणि ज्ञानाची नवी वाट!

Friendship with books,
a love of reading,
and a new path to knowledge.

She gifted her books to the school, and taught by example that it's fine to make mistakes and keep going.

Guest & Community Spotlight

In Their Words

Jeetu Jodhpurkar of Share Our Strength came to see the AGVS philosophy in action, and found it being lived, not just spoken about.

Our children asked him big questions, from what existed before time to why he chose this work over business.

From Our Visitors' Book

A few lines our guests left behind this month, in their own words.

A truly inspiring experience!

Can You Help?

Stock a Shelf

Would you like to give something children can hold?

The LU Store runs on a list of things children shop from:

- Pencils & Poster Colours
- Sketchbooks & Brushes
- A Football or a Rubik's Cube
- Things for home, like a Roti Cover, a Tiffin Set or a Blanket

Pick any items and send them to us, and they go straight onto the shelves.

A Thought to Carry

“आपण मुलांना रोज काहीतरी शिकवत असतो; पण कधी कधी त्यांचे छोटेसे प्रश्न आपल्यालाच खूप मोठी शिकवण देऊन जातात.”

— Varsha Acharya, KG1

We teach children something every day;
but sometimes their little questions
teach us something much bigger.

With Diwali just around the corner, all of us at AGVS send our warmest wishes, in advance, to every well-wisher of the school. May the festival of lights bring joy, good health and brightness to you and your family.

Thank you for being part of this journey.
